## Holiday Party Caps Off Active Club Year

*Harlequin Nights* - December 7 – a cocktail hour with jesters and jugglers, a delicious shrimp and filet dinner followed by entertainment comparable to Cirque de Soleil highlighted our Region's Holiday Party. Organized by **Meredith McWaters** and assisted by **Norma** and **Mark Peebles**, it was a fun evening as evidenced in the photos.

Autocross awards were presented by Bert and Anne, and the Board of Directors were announced for 2009 (Chuck Hennings - President, **Howard Osterhouse**- VP, **Arden Griffith** - Treasurer, and **David Edwards** Secretary). Attendees brought a significant number of gifts to give to Toys for Tots and door prizes were distributed to conclude the evening.

## Signup Now for Driver's Ed at Roebing Road

Our first Driver's Education event for 2009 is just over a month away. If you haven't already registered, what are you waiting for? Let's take advantage of these lower fuel prices while they last. After all, what's the fun in owning a sports car if you don't stretch its legs once in a while? A DE weekend is just what you need to reinvigorate the joys of Porsche ownership. Registration is open on [ClubRegistration.net](http://ClubRegistration.net).

We've got a fresh run group schedule for the weekend that includes earlier start & end times on Sunday. And as always, non-drivers can participate in the weekend's activities. If you need additional information, take a look at the DE section of the club website or feel free to shoot me an email. This event is publicized nationally in the Panorama and the folks up north love to get an early start to the DE season. So don't miss out on this limited space event. It always sells out so **get registered now**. And Thank You! to all the instructors that have signed up early. I appreciate your investment in our club's DEs.

# PRESIDENT'S LETTER

Thank you **Jeff Phillips** for leading our Club in 2008 and thanks especially to **Howard Osterhouse**, **Arden Griffith** and **David Edwards** for signing up as VP, Treasurer and Secretary again for 2009. With their help I hope to continue the many traditions and successful programs of our Club. Our track events are run professionally by **Dave Borinski** and **Bert Del Villano**. I'll focus more on increasing our social activities, adding to the Sunrise to Sunset Rally and Zonefest events which were such a hit last year.

2009 promises to be a challenging year for most of us but we'll start the year with a low-cost Kaffee Klatsch on the SW side of town on Jan. 17; then there's lots to do connected with the Daytona 24 hour a week later (see page 6). In February, on the 28<sup>th</sup> at the dealership, we'll hold a Chili Bake-Off, a fun event held previous years. We're working on a Drive and Dine event for March and other ideas are being considered. Please email me if you have an idea for an event.

I'd like to welcome two new advertisers, AAA and PCS and to thank our "regulars" who support this publication. Members, please support them with your patronage.

We're creating a new position, Historian, for the Citrus Region as I've gathered a box of history items and have leads on more data. If you know of any Region history you could share, please contact me.

Finally, with the price of gas back down, good weather and plenty of activities planned, I hope to see you and yours at an event soon (see Calendar, page 8).

**Chuck Hennings**

## One Lap of America (Article # 6) - by Mark Peebles

The all day rain at Texas World speedway did have some benefit. We were scheduled to leave TWS and drive 75 miles to Lone Star Motorsports Park, north of Houston, for a drag race. Apparently, road racers are the only group of racers that do it in the rain. The drag race was canceled and we could skip it and head directly to New Orleans and NO Problem Raceway.

With the change of destination, we had no route planned out so we improvised. Our direction or travel would put us in the middle of Houston at evening rush hour. A quick look at our atlas and GPS suggested we go north around the city. It worked. We were on the east side of Houston long before the evening gridlock.

With only 360 miles to travel, we were not in a great hurry. Somewhere in East Texas while traveling on the Interstate, we got to discussing how we had not had a proper meal since we left on the race, 3 days ago. Maybe, just, maybe, we could spare the time to eat a real meal. We had decided to make a stop and not have to order through a window.

Traveling as I do for a living, I have my favorite places to eat. Near the top of the list is a regional southern chain of restaurants, Papa Doe's. Some of the greatest Cajun and southern dishes are had there. Their banana pudding is my all time favorite. There on the other side of the interstate just as we were passing the exit, was a large sign with Papa Doe's in bright lights. Across three lanes we went and made the exit with inches to spare. It was no more terrifying than going over the top of a hill at VIR and not really remembering which way the track went, left right or straight.

It felt so good to get out of the car and sit down at the table with cloth covering and real napkins, not out of a dispenser. Still in the go, go mode, we explained our limited time frame to the waitress. She was fantastic. We had appetizer, salad, bread, entree, and desert, all in 45 minutes. One of the most enjoyable meals I have had. We were in our hotel room long before midnight. and our first good nights sleep was had by both drivers.

Tuesday had us up and out to the track by 8 am. I had never been to No Problem. It is a course not unlike Moroso. They use the last half of the drag strip and some of the return road to make up a 1.8 mile circuit. Not a bad place. They even had food at the track. Joe drove that day. He did OK and did not lose the brakes. How come I am the only one that loses the brakes? We finished up in the early afternoon and Brock and friends decided that we could use the drag strip there to make up the skipped Houston event. The only rule that is always in force in the One Lap is that Brock has the right to change the rules as he sees fit. So we drag raced the afternoon away. As we were packing up for the big 800 mile trek to Kershaw, I was making conversation with the Honda Odyssey minivan racers. It seems they had lost 3 gears from their custom 6 speed box. They were not concerned as they are sponsored by the Honda Alabama Assembly plant. Our route to Kershaw took us all within one quarter mile of their plant. The boys were just going to stop by and get the tranny changed on the way. Sure enough, they were at Kershaw at 8 am with a new tranny. Said it took them 2 hours to change. Must be nice to be sponsored by the factory.
