President's Update

by Steve Williamson - Club President

Fall is here, we've finally left behind the heat of summer. That means we are in the midst of a flurry of driving and social events. Everything from Club Racing, DE, Autocrosses, Octoberfest, Challenge Rally and our end of the year Holiday Party are happening during this season. A big thanks goes to all volunteers, organizers, and participants who make these events successful. Details on each of these may be found in the calendar section of this publication, at our website <http://flc.pca.org> and Porsche Club of America Citrus Region on Facebook. If you are not playing with us, you are missing out on a valuable part of PCA Citrus Region membership!

At the end of the year, it is a time to reflect on those things that went right and on those things that didn't. I can report to you that Citrus Region's membership has grown and that we are financially stable. Zone 12, of which we are part, is currently leading in growth in PCA. With the new models Porsche is introducing to insure its survival, I would expect that our membership will continue to grow as long as we remain responsive to the type of events these potential new members demand. Throughout the year we were able to introduce some new services and events that were intended to reflect the desires of our membership and with few exceptions they were well received, well attended, and will likely continue. We've had fun this year!

The 24 Hours at Daytona is just around the corner on our calendar January 23-26. There will be a Porsche Corral once again where parking, refreshments, televised race coverage, and shelter will be available to PCA members. Please keep in mind that Corral parking is available for Porsches only and only to those who have the special PCA Corral ticket, so leave the F150 at home and buy the Corral ticket. The Porsche Corral ticket is also valid for the practice sessions prior to the 24 Hours, The Roar Before The 24, and for the Koni Challenge on Friday before the 24 starts on Saturday. I have been told that there are only a few of these tickets remaining available. If you haven't purchased your Corral ticket yet, contact Daytona International Speedway ticket office at 800 748 7467.

Zonefest will return to Citrus Region Memorial Day weekend at the Lakeside Inn in Mt Dora. The 40th Anniversary of Citrus Region is 2014 and we hope

that our local members will be out in force to autocross, shine and show, and socialize with fellow PCA members who will be attending from throughout Zone 12. This venue has proven to be popular with PCA members from other Regions and we are now putting plans in place to insure this event is not one you will want to miss. It is a great opportunity to catch up with old friends and make new ones all with similar interests. Make your plans now to come celebrate Citrus Region's 40th Anniversary.

The BIG event for 2014 is Escape to Magical Orlando hosted at Walt Disney World in early November. Since Disney is in our backyard, Citrus is the lead Region. In the coming months, you will hear more and more about this event. Escape is second only to Porsche Parade in size and scope. Citrus Region will depend on our cadre of members to organize, volunteer, and participate. Since Escape is the responsibility of the entire PCA Zone 12, we will be joined by our neighboring Regions to help make this event a success. I am certain that Escape to Magical Orlando 2014 will be an event to remember.

This is the last article I will be writing as President of Citrus Region PCA. The last three years have been rewarding, challenging and fun! Time has passed quickly and I would like to thank everyone who has lent me their time, expertise, and assistance. I wish to thank everyone who stepped up to chair an event(s), volunteer, or participate. Take a look at the real leaders

President's Update (cont)

of Citrus Region, identified under the heading of Directors and Committee Chairs and Other Contacts in the Spiel. They are the key players in Citrus Region that are counted on to make things work. Everyone who is involved in our DE program and autocross series should very be very proud. Our driving events are second to none and are models for Regions across the country. Our membership chair and webmaster have provided exceptional service as well. And as you probably know, Spiel is a national award winner!

Special thanks also goes to our Treasurer, Arden Griffith, who has looked after Region finances for two and a half of my three years as President. Thanks to our current Vice-President, Lisa Lewis, who has been instrumental in organizing and bringing new events to Citrus Region. And thanks to our current Secretary, Lyn Perez who has attended every meeting, has taken the lead in planning for Escape 2014, and has instituted new procedures that are designed to better serve the needs of the membership. I have had the pleasure of working alongside the 2014 President and I am absolutely certain that you are in enthusiastic and capable hands.

It has been a Great Ride...

Enjoy your Porsche and enjoy your membership in PCA!

The Driving Dentist

Club member David Edwards was recently featured in the Dental Society of Greater Orlando's magazine. We have reprinted it below for all of our members to enjoy as well.

DID YOU KNOW?

A Journal feature highlighting DSGO dentists with unique skills or interests outside of dentistry.

Dr. David Edwards: The Driving Dentist

Interviewed by Dr. Jim Flatley

Although most of us enjoy practicing dentistry, it would be odd to say that there is ever "visceral excitement" involved in a day at the office. So, Dr. David Edwards has turned to racing with the Porsche Club of America (PCA) for his visceral excitement. Other local dentists who have gotten the bug are John Beattie, John Cordoba, Ofilio Morales, Mark Dreyer, and Mike Layton. Dave owns an actual Porsche race car, while the other guys race their street-legal cars on weekends but also drive the same cars to work during the week.

Dave started racing go-karts while in dental school. They go about 70mph, sit about an inch off the ground, and feel like a rocket ship. Most professional race car drivers spend a considerable amount of time training in karts, so he followed that path. Fellow DSGO member Chad Wright also raced the karts with him at UF.

Now, most of his track time is spent racing Porsches but he also enjoys instructing others with the Porsche and Ferrari clubs. His experience and expertise has given him the opportunity to drive cars that most people only see in magazines.

SAYS DR. EDWARDS:

My father taught me to remodel houses and how to rebuild old cars. In elementary and middle school I raced remote control cars with him and also raced in our local Soap Box Derby. Dad's influence was critical in my racing progression because I was always able to prepare and fix my own equipment.

In high school I sold cars for a local car dealer and was eventually charged with selling all of the Corvettes and a variety of other sports cars. As a perk, I got to drive them until they sold, and I was allowed to start autocrossing them. Autocross is a makeshift road course set up in a convention-center-sized parking lot, where you race against the clock, while staying between the cones that are positioned on the course.

I continued car-dealing through college. Eventually, I bought the black car and started doing drivers education events (DE's), which are weekend-long events where you can drive as fast as you want at big tracks like Sebring and Daytona. They're very social, and generally involve a fun and relaxed atmosphere. They're not competitive, and have a strong emphasis on safety and performance driving. They achieve that by being very orga-

nized and well-controlled; and novices can learn to drive with instructors by their sides the whole time. I followed this progression, working my way up to being an instructor in college, and have done it ever since.

After finishing dental school, I sold the black car and bought the blue car, and began racing wheel-to-wheel, competitively. It's a big rush, running at high speeds - inches from each other. It's a very competitive and precise sport. The blue car is a factory-built race car. It is high-powered, very light; and has lots of carbon fiber body panels, gummy slick tires, and runs on racing gas. It's the fastest and most entertaining car I've ever driven...and racing it is absolutely exhilarating!

The PCA has a great overall ladder system starting with autocross, DEs, and finally club racing - that gradual progression takes a lot of the intimidation out of just stepping out onto a racetrack. DE's are the sweet spot of the three in terms of commitment, intensity, and fun.

Dave says that he's met a lot of really interesting people in an environment where everyone is really passionate about being there. Take it from him: "If you like sports cars, and like to go fast, give it a try. I can promise that you'll love it!"

Dr. David Edwards practices general dentistry in Sanford.

2014 TUDOR United SportsCar Championship Series

GRAND AM has announced the 2014 TUDOR United SportsCar Championship Series schedule. There will be 12 races this year. All the venues except Long Beach have had either an ALMS Porscheplatz or GRAND AM Car Corral. IMSA will be the sanctioning body. The series, as noted above, will be titled the TUDOR United SportsCar Championship Series. TUDOR is a premium Swiss watchmaking brand and a subsidiary of Rolex. In addition to being the Entitlement Partner of the TUDOR United SportsCar Championship, TUDOR is also currently the World Timing Partner for both Ducati and the FIA World Endurance Championship. The only event in which TUDOR will not be the title sponsor is the Rolex 24 Hours of Daytona.

GRAND AM had many interested parties but for 2014, they only considered facilities from their 2013 Rolex Series and ALMS schedules. The 2014 lineup features four race tracks currently on the Rolex Series schedule, four that are on the current ALMS schedule and four that were on both series' 2013 schedules.

There will also be two test sessions November 16-17, 2013 at Sebring International Raceway and November 19-20 at Daytona International Speedway. The test sessions will be open to all four classes of cars that will compete in the new championship: Prototype, Prototype Challenge, GT Le Mans and GT Daytona. Session schedules will be announced in the near future.

The 2014 TUDOR United SportsCar Championship schedule is as follows: The dates are race days only.

- Jan. 25-26: Daytona International Speedway
 - o The 52nd running of the Rolex 24 will be the debut event for the new championship series.
- March 15 Sebring International Raceway
 - o The Mobil 1 Twelve Hours of Sebring fueled by Fresh From Florida. The 62nd race, North America's oldest sports car race will part of the same series and under the same sanctioning body as Daytona for the first time since 1998.
- April 12 Long Beach
 - o This will be a street race again in conjunction with IZOD IndyCar Series. ... Prototype and GT Le Mans classes will compete together. This is on the schedule because Southern California is one of the most important consumer markets for nearly all TUDOR United SportsCar Championship stakeholders.
- May 4 Mazda Raceway Laguna Seca
- May 31: Detroit Belle Isle
 - o Also a companion street-race event to IndyCar. This race will feature the Prototype, Prototype Challenge and GT Daytona classes. This event is on the schedule Detroit is home to many of the auto manufacturers participating in the TUDOR United SportsCar Championship plus numerous supplier partners.
- June 29: Watkins Glen International
 - o The track is owned by NASCAR
- July 13: Canadian Tire Motorsport Park
- July 25: Indianapolis Motor Speedway
 - o This again will be a co-hosted event with the NASCAR Sprint Cup series
- Aug. 10: Road America
- August 24: Virginia International Raceway
 - o Event will have a combined GT Le Mans/GT Daytona race and another race featuring the Prototype Challenge class.
- Sept. 20: Circuit of the Americas

New Business

- We will again celebrate Octoberfest at Porsche of Orlando on Saturday October 26th. Please bring a food to share. Entrees are particularly appreciated. We seem to have plenty of deserts. Entrees do not need to be German. Consider this a pot luck dinner.
- The Russell Home Fund Raising Rally is scheduled for November 17th. Bill Davis is event chair and will be sending out information soon. You will need to send in your registration form and check directly to Bill. Since the Porsche Club sponsors this event we need to have a good showing of Porsches however, any cars may participate so ask you friends and neighbors to join in.
- John Rekker spoke about the upcoming Winter Park Concours that includes a gala at the Sanford airport, a Saturday Tour and the Sunday car Show on November 10th. You may find registration information at www.winterparkconcours.com
- Lyn Perez gave an update on Escape to Orlando 2014 and mentioned he proposed meeting in Oviedo on September 30th of people interested in organizing particular Drive and Dines events. More info to follow.

Steve Williamson asked for reports of recent events and if there were any additional comments or announcements.

Lyn Perez gave a recap of the recent Drive and Dine event to Deals Gap and regions NC with the Crown Club where Citrus region has 8 cars participate.

Steve Williamson handed out post cards from Porsche of Orlando that when returned to Porsche of Orlando results in the award of a collectable poster commemorating the 50th anniversary of the 911.

There being no further business, Steve Williamson adjourned the meeting. As planned for each meeting, a number of club members departed for dinner at Francesco's for food and fellowship.
