President's Update

by Lisa Lewis - Club President

It's been a busy and fun 2017 so far, starting out with some of our favorite events: The Rolex 24 in January; the 48 Hours at Sebring Club Race in February; and the 12 Hours of Sebring in March. Thanks to all who volunteered to help at these events, in particular, since they are such big events requiring a lot of manpower. PCA really is fueled by volunteers, and we couldn't do it without you.

Thanks to all of you who have stepped up this year to help with specific events as well as ongoing duties. If anyone else would like to give volunteering a try, please email me.

Our 2017 Board of Directors have helped keep us on track this year as well, by helping plan and organize events and making sure we're in good financial shape: VP Joe Pennisi; Secretary Jim LaPiana; and Treasurer Arden Griffith; as well as Social Chair Leslie Sikorski. And with active support from our sponsors such as Porsche of Orlando, German Excellence, Orlando Brewing, Zotz Racing and Millenia Motors, we've enjoyed some really fun events so far, with more great ones planned for the rest of the year.

Our annual Chili Cook-off in February was a success as always, thanks to Jim and Christie LaPiana and all the volunteers who helped, from set up to clean up. Thanks to everyone who participated in our Charity Rally in March and donated to Camp Boggy Creek! And special thanks to all of you who volunteered to help organize and run the event. We raised \$7,600 for a very worthy cause. Please check out their website to find out how you can help on an ongoing basis (www.boggycreek.org/).

While on the road for events, it was nice to see so many Citrus members at Werks Reunion at Amelia Island in March. We had impressive representation, and the event was a great success – with a very high turnout for its first time on the east coast. There will be more to come, so definitely plan to attend the next one.

Our Autocross and Driver's Ed seasons have been exciting so far, and we've got a full schedule for the rest of the year. Don't miss our Sebring DE in May – extended to the full weekend this year. As always, special thanks to Bert Del Villano, Anne Del Villano, Mike

Colon, Linda Colon, Kevin Duffy and all of the DE team. We're fortunate to have such an active DE and AX schedule – thanks to our relationship with Martin Sports Car Club. Some Regions don't have the resources or manpower to handle these types of programs, so we're very lucky to be able to enjoy these events.

In the near future, look for our new Citrus Region Web Store. Thanks to Pat Craven for finding our new vendor – now we'll have all sorts of new Citrus Region merchandise. We're still in testing mode, but the link will be added to our website soon. It'll start out with a few key items, then we'll add other merchandise after we get it up and running.

Please review the upcoming events listed, and plan to come out and enjoy as many as you can. And finally, thanks to Travis Young for preparing and printing the Spiel, every single issue.

See you at an event soon! In the meantime, if you've got new ideas, please send 'em my way and let me know how you'd like to help.

Lisa Lewis

President - Florida Citrus Region PCA

Meet your future with confidence.

Take the first step toward peace of mind in retirement with our proprietary *Confident Retirement*® approach. I'll help you understand how you can cover expenses, live the lifestyle you want, be prepared for the unexpected and leave a legacy. Get Ready to Rally!

by Jennifer Cloutier
Photos by Jim Peters

I love a rally! Our first ever event with the Florida Citrus Region (FLC) was in 2013, benefitting the Russell Home for Atypical Children. Dave drove his 2011 911 GTS, a vaunted 997.2, and I navigated us to victory in the Novice division of Bill Davis' clue-laden caravan. As newbies to FLC, we didn't know many people, but that soon changed. At lunch, we sat with Linda Cruz and Mike Colon, who was piloting a souped-up, yellow Cayman that caught my eye. Fast forward a few years, and now I have two Cayman S cars, a 2015 for daily driving and a 2009 for the track. Since we had such a great time at that first rally, we've participated in nearly every one since, which brings us to this year's event.

Hosted by Millenia Motors in Longwood, contestants gathered to commune with cars and coffee. There was a parade of Porsches to peruse (see the crowd favorite, Jim Peters' blood orange 1969 911 coupe) and a plethora for purchase. FLC also debuted swanky, new polo and t-shirts. They are fantastic! Get yours soon, and wear it proudly. A hearty thanks from all of us to Ernesto and Oliver for hosting a great gathering. Personal thanks to Millenia Motors from me for feeding Dave's Porsche addiction. We arrived at the rally in the black 997.2 and left the rally with an agate grey 2015 911 GTS (991) and a lighter wallet. Last, but not least, thanks to Lisa Lewis for coordinating this (and many other) stellar event.

The rally consisted of 50 twisted-thinking, Bill Davis clues – some old, some new – that wound 60+ Porsches and 125 people through at least three Central Florida counties. We were tested on geography, English, math, animal husbandry, horticulture, and pop culture, among other Jeopardy-like topics. Following a pit stop at the historic Umatilla Public Library, we drove for the finish line at bucolic Camp Boggy Creek (CBC).

Founded by Paul Newman and General H. Norman Schwartzkopf, Jr., CBC's mission is to foster a spirit of joy by creating a free, safe, and medically-sound camp environment (e.g., swimming, horseback riding, and theater) that enriches the lives of children with serious illnesses and their families. All campers attend free of charge, and CBC exists solely on charitable contributions from donors like us. Our rally raised \$7500.00 for CBC. Thanks to everyone who gave of his or her time and resources!

After our group photo (it's about the cars), we met CBC staff and viewed a touching video about the life-changing, positive impact the camp has on children and their families. We left our cars in the field in favor of low-speed golf cart rides to the camp dining hall where we enjoyed barbeque and all the fixings. Bill Davis announced the rally winners: Karyn Rinaldi and Mellissa Hershberger (Novice) and Dave and Jen Cloutier (Veteran).

Of all of the events (e.g., Brumos, REVS Institute, Loaves & Fishes tours, autocross, drivers' education, and Car Control Clinic) we've attended in our short time as FLC members, the rally remains my favorite. As members of FLC and owners of several German automotive marvels, we know we're privileged. It's our pleasure to share that privilege with deserving organizations, like Camp Boggy Creek and the Russell Home, so we can help others who are in need.

Rally on!

FLC Autocross was Blessed

by Father Benjamin Lehnertz
of Holy Family Roman Catholic Church

As a Roman Catholic priest I never really saw myself being behind the wheel of a Porsche. You know... that whole "vow of poverty" thing? Porsche doesn't really fit into the budget – but there's nothing that says I can't drive somebody else's! (I am the proud owner of a Kia Forte – and swelling with pride at the fact that I just paid it off) Being offered to take it for a spin around the block would have been exciting, but to go tearing up a sheriffs' training center training lot – what a surprise!

When I walked up to the registration table and the lady behind the table handed me the keys to her 2012 Boxster S Black Edition, the guy behind me put it succinctly, "WOAH." That confirmed for me that I wasn't the only one who thought that this arrangement was more than generous. If I owned one of those beauties I would be so over-attached and VERY selective that almost nobody else would get to touch it.

So how did I find myself in such a fortuitous circumstance? Well, being the one to prescribe the penance given in the confessional has its benefits. (I'm only kidding) Truth be told it's because of the kindness of one of my faithful parishioners. At one of our parish Christmas parties last year I had an opportunity to chat with some of the volunteers. That's when I met Karyn Rinaldi. You might have already guessed it was her, she's so quick to lend a hand, even setting up your course cones! As we were making small talk she boasted of her "cool car" and I was surprised to learn of the aforementioned Boxster. (She has personalized it with the unique and fitting vanity plate that every girl in a black coupe should have – a frame that reads "Every woman needs a little black dress" and the tag itself, "BLK DRSS.") She went on about Autocross and asked if I had ever done it. I had only heard of it from one of the college guys that I used to minister to in campus ministry at Embry-Riddle Aeronautical University. He drove a souped-up Miata that all his friends razed him about. (After watching how those things perform in Autocross I'm not sure why anyone would talk too much

smack) I don't know the first thing about cars, but I knew that AX sounded like a blast and I was very much interested.

She made it seem so nonchalant, "Oh yeah, we'll have to get you out on the track sometime!" I would like to point out that this sort of un-obsessive detachment and generosity is truly beneficial for the soul. I mean it. Karyn really does own her car. It doesn't own her. It's an attitude that brings a lot of peace and joy with it. (And how nice that the joy spread to me, too!) We got it set up for a rare Saturday outing (Sundays are a little busy for me) and that was that.

Karyn connected me with Erich Mertz to coach me through my day – what a help he was! Oh man, the things I didn't know, haha! First lap, I had never had so much power under my foot. I had never heard sounds like that come out of a car that I was driving. I had never felt like maybe I had too much power. I was shifting a lot. I was off course. I had never had an adrenaline rush like that from a car. When I got out my hands were shaking a little. It was quite an adjustment. Most of my rationale flew out the window and it seemed like all of my animal instincts had taken over. What I learned: once the car is in second gear, leave it there. Keep your eyes up.

Each lap got a little smoother, a little faster – until I ate a cone on my fourth go. I was so relieved that I didn't get any bright orange stains on Karyn's black dress. I learned something new each time. Keep your eyes up. Don't hold your clutch in while you're at a stop. Do the vast majority of your breaking before the turn, not in it. When you're done, don't apply the parking brake, the breaks are too hot. Oh yeah, and KEEP YOUR EYES UP!!! That thing about the "relationship" between man and machine – that's real. I get it now. I was shocked to find out that I turned in the best time for my class that day and I hope that one day I might just get to do it again.

2017 Chili Cook-Off

by Jim LaPiana

Photos by Paul Bishop

Our 14th annual Chili Cook-off was attended by approximately 110 club members and guests. Many first time attendees joined our experienced Cook-Offers in the festivities as Porsche of Orlando graciously opened its doors to host the event.

Dishes entered in the four categories were in abundance and our newly expanded table space was used to the fullest. Hot chili entries outnumbered the mild by a large margin this year with 7 hot and 4 mild chili entries. Sides and desserts were the hot ticket with 13 savory side dishes and 11 mouth watering desserts. Deciding on a favorite in each category was a challenge, but quite an enjoyable one.

The winners were:

Hot Chili		Mild Chili	
1st:	Joe Pennisi		Mary Ann Strauss
2nd:	Christiane Feliciano		Chris Olden
	Jim LaPiana (tie)		
Side Dish		Dessert	
1st:	Marjorie Perez		Judy Godfrey
2nd:	Travis Young		Sheresa Kelley
	Pete Kelley (tie)		

Orlando Brewing provided three of their craft beer styles; Blonde Ale, Olde Pelican English Pale Ale and Blackwater Porter. All very well received, judging by the queue, and very much appreciated. Our thanks to Cindy & George Cain and Bill & Jane Droste for so graciously serving up the drafts while providing insights on the brew styles.

We enjoyed a fantastic level of support and assistance again this year from many leading up to the event, setting up and also staying late to return the dealership to its original pristine condition. We would like to thank Lisa Lewis, Joe and Mady Pennisi, Ron and Pat Craven, Leslie Sikorski and Emelio Cortez (dealer liaison), Travis & David Young, Paul Bishop, and Keith and Kim Fritze (of the Nordstern Region) for their much appreciated help.

We would like to thank the following businesses for providing prizes for the Cook-off winners and for door prizes raffled off to those that submitted their votes:

- Porsche of Orlando (Event location, 4 wheel alignment & several polo shirts & hats)
- Orlando Brewing (Donated their Organic Craft Beer, Brewery tour and OB t-shirts)
- Driver's Choice Motors - Mike Colon (4 wheel tire balance)
- Apex Performance - \$50 Gift Certificates
- Florida Citrus PCA - (Driver's Ed @ Roebling Road and Autocross)
- Festivals of Speed - Logo'd Tote Bag, Carbon Fiber Keychain and free PCA registration for their Mission Inn event

See you next year!
Jim & Christie LaPiana

DE & Instructor School

Roebling Road DE & Instructor School

by Lyn Perez

One of the outstanding contributions that the Porsche Club of America makes to its brand owner's driving safety is its driver education program. Porsche owners are able to take part in driver education programs sponsored by local regions at almost every major race track in the US and Europe, learning how to drive and handle their sports cars in the manner in which they were designed and in a safe and responsible way.

And the corner stone of the Porsche Club of America Drivers education program is its instructor training program, which prepares experienced Porsche Club drivers with the training to assist new Porsche owners in the driver's education experience.

The Florida Citrus Porsche Club was an early adopter of sponsoring driver's education programs and also of providing instructor training. And to this day, every two years, Florida Citrus PCA organizes an instructor training program at Roebling Road Raceway, producing a whole new crop of instructors to support the national PCA driver's education programs throughout the Southeast.

On February 10, 2017 Florida Citrus held its most recent Instructor School, hosting 20 candidates for a full day of training. A unique aspect of the FLC instructor program is that the national PCA instructor training curriculum has been incorporated into an online training course which all candidates are required to take before they are allowed to attend the one day, on track portion of the training. The online course, designed and implemented by Kevin Duffy, the FLC PCA Safety Chairman, (who is also an experienced online curriculum designer), has built into it, accountabilities and quizzes that require successful completion of the material by the candidates in order to pass and qualify for the on track portion of the training.

On February 10th, the on track school began with a drivers meeting to go over the days agenda followed by a two hour track

walk of Roebling Road Raceway, by Ron Zitza, the Florida Citrus Region Director of Instructor Training. This assured that all instructors understood the finer points of the track dynamics and could teach a consistent driving line to all students at that track in the future.

In addition to a series of classroom sessions during the day to complement the online PCA curriculum, the majority of the day was addressing the various ways students learn and holding facilitated simulations and role playing, which helped the instructor candidates prepare for real life situations that most often occur while instructing new drivers.

The final portion of the day's program was an actual on course driving assessment, where each candidate was evaluated on their own driving competency and accuracy in negotiating the Roebling Road Raceway. At the end of the day, we were pleased to graduate 19 of the 20 candidates as new PCA instructors. We anticipate that each one will have many years of success, teaching safe driving skills to a new generation of Porsche owners.

Join in the fun!

Join your fellow Porsche Club of America members at the 62nd Porsche Parade on July 9-15, 2017. Parade is PCA's annual, weeklong event enjoyed by several thousand of your fellow members, who will gather this year in Spokane, Washington.

Parade participants will enjoy Driving Tours and a Gimmick Rally to explore eastern Washington's mountain vistas and high desert, the Concours at Riverfront Park, an Autocross, and a Time-Speed-Distance Rally to test your competitive spirit.

When you want to step away from driving, Spokane is a walkable city with award-winning eateries, the Cork District tasting rooms, craft breweries, and boutique shopping. Bring the kids, too, as they'll be kept busy with activities such as model Porsche Concours, RC Car racing, and an ice cream social (well, adults can join in the ice cream, too).

HOUSING RESERVATIONS AND

OPENS ON **APRIL 3RD**.

Roebeling Road: Turn 5

Anonymous

This past week-end was the Citrus Region's PCA DE session at Roebeling Road Racetrack in Georgia. This biannual event is filled to capacity with not only our own PCA group but draws members from other groups as well.

My first green session at RRR was years ago during our October DE session. My first drive around the track the instructor and I drove the PCA line. He said that turn 5 was treacherous and turn 9 could be deadly. "If you get wheels off on turn 9 do not attempt to correct to re-enter the track or you will hit the wall." Where I should have been concentrating on going through turn 9 correctly, my focus became turn 5. It was the most difficult turn to navigate with speed and I had found my challenge.

It did not help that spectators would line the fence of the infield to watch at turn 5 due to the 'entertainment value'. This 'entertainment' was found when the solo groups- white, red and black, would drive. These drivers and their talent pushed their cars with speed and braking, riding the line between drifting the turn and spinning out of the turn. No one was ever hurt while we watched. The crowd would initially gasp in concern and then when the driver was ok the laughter and applause would break out for the unlucky driver who would have to talk to the track official for going four wheels off track. I also doubt the driver was spared any sympathy at that evening's PCA social with their friends and fellow drivers. I never chose to look at turn 5 as a treacherous turn but instead as the turn that proved your driving ability under extreme conditions and truly showed how well these amazing cars could drive.

I have attended both fall and spring DE sessions at RRR since that first October session. I chose to get a different instructor with each DE event. Each instructor brought years of track time to instruction and each one taught me something different about this track.

The turning point in my learning was an instructor who had driven RRR in the same model and year car I was driving. He even showed me how to

adjust things on the car to better my driving experience on the track (information not found in any owner's manual). He told me he knew what the car could do and pushed me through turn 5 and all others to give me an amazing new perspective of my car. Previous instructors had taught me different methods to get through this difficult turn and when discussed with this instructor he would explain "that is the best way for a Miata to navigate turn 5", or "that line is best for a mid-engine car", etc. These valuable pieces of information totally hit home with me since it was obvious how differently the cars were in weight, horsepower and even AWD versus rear wheel drive. Each type of car had to have a different method to navigate the turn. I was more confident now with turn 5 and enjoyed it more, if that were even possible.

My last instructor for blue group I will call the Jedi Master of Turn 5. He helped many drivers with this turn using one simple tip. Of course you have to trust your car and 'know' you will cross the apex cone with your left front tire and track out to the rumble strips with your right front tire without ever changing your steering input. My last class in blue session we discussed turn 5. The instructor of the class asked how many had driven a good line through turn 5 in the previous session, and a few hands went up. He pointed at me and said how many times? And I said 'every time' which was met with scoffs from the class and coughs of "liar" under their breaths as well as laughter. However at my check-out ride for solo, it was noted how well I drove the line through turn 5 and how consistently I did that perfect line.

As a word of advice to new or present DE students- do NOT stay with the same instructor for every session. You may get along great with your instructor and not want to take a chance on another instructor but you will be missing out on years of experience and track time from these dedicated, selfless people who devote their time to our love of these cars. I have learned something about a turn or the line or even my car from every single instructor. My track map is covered with notes from these sessions with some turns

or lines renamed for the instructor. Turn 5 should be a challenge to everyone; it just lets you know in spectacular fashion to everyone watching when you have driven beyond the limits of your car and the line of turn 5. Everyone can learn turn 5 if you have a 'Jedi Master' for an instructor. Safe driving everyone!

Club Event

Upcoming Autocrosses Sponsored by German Excellence

#3 Sunday April 30 at Tavares Sheriff's Facility

#4 Sunday May 21 at Tavares Sheriff's Facility

#5 Sunday June 18 at Tavares Sheriff's Facility

Please come to the German Excellence autocross event on Sunday, April 30. Registration will be open at www.clubregistration.net, and is still only \$35, payable at the site, including lunch. A \$5 discount (making the total \$30) is offered for those that pre-register.

The event will be held at Tavares Sheriff's Training Facility. We will run an exciting course on the big lot. Gates open at 7:00, on site registration closes at 8:30. Please preregister.

If you are an experienced autocrosser, you know the FLC series offers friendly competition and great camaraderie. If you have not done an autocross, please join us. We offer a fun, safe environment in which you can drive your Porsche the way the engineers designed it. We welcome novices, women, and young drivers (over 16 with a valid license). Instructors and loaner helmets are available.

Bert Del Villano - FLC Autocross Chair - (407) 909-0636 - bertdelvillano@aol.com
